- (b) The demand is above the quantity sanctioned in the model indent.
- (c) The demand appears to be high though within the quantity sanctioned in the model indent.
- (d) Articles lasting for a number of years are supplied every year according to the fixed percentage.
- (e) The article is not stocked at the Stationery Office.
- (f) The purpose for which the article is required has not been stated.
- (g) A sample may be furnished to guide the supply.

Instructions by the Indenting Officer for packing and despatch of the supply

1. To be booked to _____
at Station _____ District _____
o/o _____
2. By seaport to _____
By Rail—Station to _____
By Post to _____

No.

of 194 -194

Dated

194

CERTIFIED that I have personally examined and checked the balances shown within and that the quantities now asked for are essential for use during the year.

2. Instructions issued in the Stationery Office General Memo. I, dated 15th March 1928, have also been carefully attended to while preparing this indent.

Signature _____

Designation _____

ISSUE

for Superintendent,
Government Printing and Stationery,
Bombay.

INSTRUCTIONS.

In order to avoid waste, and to exercise a check, on the use of stationery, this form (Spl.—Stnry. 2) has been so prepared as to be useful for both the purposes, viz., (1) Maintenance of the regular account of Receipts and Issues of articles and (2) Preparation of the Indent and Advice Note (Receipt) for the articles required annually.

One copy of this form should be sufficient for each office for a year. It is not necessary to keep account by branches in an office. Quantities received should be shown under receipts and quantities issued should be recorded similarly under issues for which 12 lines (one line for each month) have been provided. The monthly issues to be recorded in this book are the total quantities issued to branches as recorded on standard form No. Gen. 157e.

Months have been fixed by this office in which each officer's indent is due. In order to remind the officer of the due date one form will be sent to him a month before that date. On receipt of this form, the total of the issues should be taken and the balance struck off. This finishes the indenting Officer's work with the old form Gen. 158. After the book balance is thus struck the other columns, viz. (1) Quantity sanctioned in the model indent, (2) Quantity actually found in stock, and (3) Quantity required, should be filled in carefully. After this is done the quantity found in stock and included in the column (2) referred to above should be shown on the first line, in the new form to be maintained for the next year, against Balance (under Receipt) and this completed combined form should be forwarded to the office of the Superintendent, Government Printing and Stationery to serve as Indent for compliance. That office will then, if necessary, check the entries contained in it and proceed to issue the articles. The combined form will then be sent, with the articles, to the indenting Officer and should be returned to the Stationery Office after (1) checking the stock received with the quantities advised, (2) recording the actual quantities received in the Register under receipts and (3) signing the form in the proper place in token of having received the supply correctly.

FOR USE OF INDENTING OFFICERS AFTER RECEIPT OF STATIONERY ARTICLES SUPPLIED TO THEM.

Instructions to the Indenting Officer.

1. This advice note (Receipt) must be returned to the Stationery Office within 7 days duly signed, on arrival of the stores.
2. Remarks regarding deficit or damage must be made by a letter which should accompany this indent so as to bring them prominently to the notice of the Stationery Office.....
3. Complaints of a trivial nature should be noted under the following heads:—
 - (a) Articles received short against items Nos.
 - (b) Articles received in excess against items Nos.
 - (c) Articles received damaged against items Nos. (the nature of damage must be stated)....
 - (d) Complaints of any other nature ..

Certificate of Receipt by the Receiving Officer.

1. I hereby certify that I have received correctly and in good condition the Stationery shown as supplied in this advice note (Receipt).
2. All the packages as detailed above were correctly received and the content examined in my presence.
3. Instructions issued in paragraph II of Stationery Office General Memo. No. I, dated 15th March 1928, have been carefully attended to.

[P.T.O.]

INSTRUCTIONS FOR PREPARING INDENTS FOR TABLE CLOTH.

1. Green, superfine, woollen cloth, 54" wide, is supplied for covering Tables of Officers and Principal Assistants and green coarse for those of Clerks, etc.

2. Except under special circumstances Cloth for covering Tables is not supplied earlier than seven years from the date of the previous supply.

3. The Cloth should, as far as possible, be fixed on to all Office Tables. If this is not practicable in any cases, the reasons why it requires to be kept loose and hanging over their sides should be stated.

4. The quantity of Cloth issued for Tables described in 3 above is two inches in excess, both ways, of the dimensions of the Tables. The excess is meant to afford facilities for the Cloth being nailed down.

5. For Tables to be taken on tour, a quantity equal to the dimensions of the Tables *plus* six inches, both ways, is allowed for flaps.

6. When any of the Tables for which Cloth is indented are to be taken on tour, a note to this effect should always be made on the Indent.

No. _____ of 193 -4 . Dated _____ 19 .

Annual Indent for Standard and Destandardized Forms and Envelopes for the use of the _____ for the Year 193 .

[Inner Sheets _____ Sets.]

†1. I certify that the number of copies of each Form or Envelope entered in this Indent will, to the best of my belief, be actually required for consumption in a year, and that, with due regard to the interests of the public service, a smaller number cannot, in any case, be made to suffice for the period mentioned.

†2. I also certify that the information given in Column 3 is from the Office Record and correct to the best of my belief. The Forms and Envelopes received on last Indent have been used for *bona-fide* Government purposes for which they were intended.

3. I state, for the information of the Press, that all the Forms or Envelopes already indented for on Annual or Supplementary Indents, but not complied with by the Press, are included in this Annual Indent which, therefore, cancels all my previous Indents for those Forms or Envelopes to the extent to which they have not been complied with. The numbers and dates of my Indents hereby cancelled are given below :—

†4. Certified that the stock of Forms and Envelopes in my office has been checked and that there is no surplus stock/the surplus stock has been reported to the controlling officer for orders as to its disposal.

[†Certificates 1, 2 and 4 may be scored out when the Indenting Officer is prepared to pay cash.]

- (2) Agricultural and Veterinary.
- (3) Stationery and Printing.
- (4) Other commercial undertakings.

February :—

- (1) Judicial.
- (2) Forest.
- (3) Magisterial.

Notes for Guidance of Indenting Officers

1. This Indent Form is to be used with as many inner sheets as are required for the annual indent. The inner sheet forms have been prepared in sets of three copies. They should be written with carbon papers for the duplicate and triplicate copies. The triplicate copy should be detached and kept as office copy of the indenting office. The remaining two copies should be put in this cover and sent to the Press through the Superintendent, Government Printing and Stationery, Bombay. The duplicate copy is intended to serve as Advice Note and it is therefore not necessary to fill in the separate form of Advice Note.

2. The sets of inner sheets should be serially numbered and the total number of sets of inner sheets should be shown on the cover. Each set of inner sheets should show the Indent Register No. and the name of the indenting officer at the top.

3. For the rules of indenting attention is invited to the G.R., J.D., No. 8, dated 4th January 1909, as modified by G.R., G.D., No. 927, dated 9th June 1922, and G.R., G.D., No. 1657, dated 16th May 1922.

4. The standard No. (Col. 1) in the case of each form should be quoted by reference to the Catalogue of Forms already supplied as a guide. If this is not possible, a printed sample of the form required should be attached to the indent for the guidance of the Press. As per G.R., G.D., No. 927, dated 9th June 1922, the Catalogues are to be kept up to date by the officers concerned with reference to the Government Orders or Instructions from the Heads of Departments issued from time to time.

5. Some forms are authorised in outer sheets and inner sheets and some are kept in bound books of different sizes and loose sheets as shown in the Catalogue. In such cases, full details such as outer sheets or inner sheets and loose sheets or bound books may be written clearly in the remarks column to avoid incorrect supply and consequent correspondence. In the case of bound books the number of leaves required in each book should also be stated when the sizes of books are more than one.

6. Destandardized forms are now to be indented for from the Yeravda Prison Press on annual indents, *vide* G.R., G.D., No. S. 62, dated 15th March 1935. If these forms are required, they may be included in the indent after the requirements of standard forms have been filled in. They should on no account be mixed with the standard forms. Copies of the List of Destandardized Forms have already been distributed in 1928-29.

7. Officers who are not entitled to a free supply of forms from the Press should clearly state whether they wish to pay the value of the forms in advance as per G.R., G.D., No. 8921, dated 23rd August 1932. In the absence of any instructions in this respect the supply will be sent by V. P.
